

**Go to your doctor or a clinic below**

**Revised 05-06-05**

Show your Medicare Part B card and receive your flu & pneumonia shot at no cost.

**Below is a list of priority groups for vaccination of influenza, as identified by the CDC:**

- All children aged 6–23 months,
- Adults aged 50 and older,
- Persons aged 2–64 years with underlying chronic medical conditions,
- All women who will be pregnant during influenza season,
- Residents of nursing homes and long-term care facilities,
- Children 6 months-18 years of age on chronic aspirin therapy,
- Health-care workers with direct patient care, and
- Household contacts of persons in high-risk groups and out-of-home caregivers (i.e. infant and adult daycare staff or persons who care for adults aged 65 years and older, persons with chronic illness and children aged less than 2 years).

**Persons who are not included in one of these priority groups are asked to step aside this year to allow those at highest risk of complications from the flu to get the flu shot.**
